Year 6

Welcome to Year 6, your child is embarking on their final year at primary School and what a busy year ahead we have planned. Year six is a challenging but an exciting year.

There are high expectations for your child and we will do all that we can to help your child achieve those expectations. We require children to be active learners and take responsibility for their learning. They can do this at home by reading, learning spellings and completing maths & English homework. We encourage all pupils to access Purple Mash online to enhance their learning, a huge range of resources are available free. In school, they will be required to listen, follow our school rules and complete their tasks to the best of their ability.

In year six we have the SATs in May and we work really hard to ensure that all the children have the best opportunity possible to achieve their full potential. However, we also try to ensure that we have fun along the way and provide the children with some lovely lasting memories.

As you know we endeavour to ensure that all learners show respect for everything (friends, adults, property) and we constantly remind learners of the values that underpin our every action. We as a school will continue to support you in reminding your child of these values and the importance following our high expectations for learning and behaviour.

We, as a school, want to ensure that your child reaches his/her full potential, emotionally, socially and academically and we feel that this is best achieved when we work alongside parents.
